

# CA405 DTECH USB V2.0 AM-AF 20METER WITH CHIPSET

MODEL : CA405

## Features

1. The transmission distance of 20 meters.
2. The transfer rate of 480 m/SEC.
3. USB standard, backward compatibility.
4. Support the high speed, full speed and low speed device, plug and play, no software driver.
5. Supports Windows 98 /ME/2000/XP/Vista/7/8, MAC system, etc.
6. Support all USB2.0 standard equipment: camera, mouse, keyboard, card reader, U disk, USB barcode scanners, and other digital devices.
7. Ordinary USB device without power supply can be used directly.
8. High power devices should be used to connect power.

## Products Details

1. Standard USB Type A male to type A female (Type A Male to Type B Male) connectors.
2. Connect any USB 2.0/1.1 device with no performance compromises.
3. USB2.0 Certified for High Speed Data Transfer rate of up to 480 Mbps.
4. Provides up to 250mA of power to the connected device.
5. Built-in signal amplification chipset to maintain Hi-Speed USB signal quality, electrical / timing specifications and signal / data integrity over long distance.
6. The Cable features premium shielding and a built in amplification chipset that provides protection against interference from electromagnetic and radio-frequency signals thus enabling higher performance.
7. Premium double shielding minimizes signal interference.
8. Shares available USB power between cable itself and attached device.

9.Connect remote USB devices such as printers, speakers, scanners, displays, keyboards, USB displays, game console controllers etc to your computer.

USB Compliant: USB 1.1 and 2.0 Compatible

Connector Type: USB Type A Male, USB Type A Female,USB Type B Male,Can be optional

Connectors: The repeater cable features gold-plated connectors that resist corrosion for signal purity(nickel plated is optional)

Cable Spec: 28/24 AWG

Conductor: Oxygen free copper conductor, better signal transmission and long-time using

Triple shield: twisted pair conductor, Al foil and braid; better signal transmission

Cable Length:20 meter

Transfer Rate: 100/200/480 Mbps

USB Distance Limitation: ideal For Connecting Enclosures & Other Peripherals

Built-in repeater: helps maintain Hi-Speed USB signal quality, electrical and timing specifications

Compatibility: Windows 7, Windows 8, Vista, XP, 2000, ME, 98SE,Mac OS,Linux,No drivers required on any OS

**DTECH**

High-speed  
transmission

### Dtech USB 20m extension cable

Support WIN8, Plug and Play, no software drivers

Using Taiwan imported chips, USB2.0 supports all standard equipment:  
other digital equipment department camera, mouse, card reader, hard  
drives, printers, scanners, etc.

High  
recommendation
